Together we can make a difference

Impact: Give short lives, the gift of great days. Join us in our one bold goal: To reach every family caring for a seriously ill child in BC and the Yukon who needs help – especially those who are isolated and hidden.

Learn: Canuck Place is BC and the Yukon's only pediatric palliative care provider. Learn more about the unique and world-class work that Canuck Place does in your own community, and globally through training and research.

Network: You'll have the opportunity to engage with a diverse group of like-minded individuals, community, and business leaders.

Canuck Place Children's Hospice provides complex pediatric palliative care for over 800 children with life-threatening illnesses and their families, across BC and the Yukon.

Our services include medical respite and family support; pain and symptom management; 24-hour clinical care line support; art, music, and recreation therapy; end-of-life care; and grief, loss, and bereavement counselling.

All program services are provided at no cost to families. A full life has a million moments, and at Canuck Place, we believe that the shortest lives should be the fullest of them all.

Together, we support families in living the end of life as fully as the beginning.
