

Recruitment To Participate In Signature Event, Fundraising & Awareness Campaign

Canuck Place Children's Hospice is a leader in pediatric palliative care – locally, nationally, and internationally. As such, the Communication & Marketing team supports the organization with ongoing education and awareness of the Canuck Place program and to support fundraising for care provided for children and families. The team regularly develops and promotes family experiences and stories through visual communications, like newspapers, digital advertising, social media, and videos.

This opportunity will highlight to donors in various ways, the important and impactful interdisciplinary care Canuck Place provides children and families across the province. This includes sharing family story through photos, videos, and written interview content across all CPH communication and marketing channels. While we will share this content primarily in the April-June 2023 timeframe, content will also be used in ongoing communication initiatives.

We hope to select one family living in the Lower Mainland or Fraser Valley area, who has a child on program, accesses many aspects the Canuck Place program including respite at either hospice location.

The commitment for this engagement opportunity will take place:

- March – June 2023
 - Filming and prep to begin before the promotion timeframe (April-June)

Access to a computer and familiarity with Zoom is required. Please review the time commitment for the opportunity below:

- Send answers to 5-10 written interview questions (1 hour approximately)
- Send a selection of 10-15 family photos (1 hour approximately)
- Participate in a family photo/video shoot at the hospice on <date TBD – likely end of February> (4-5 hours)
- Review communications collateral print and digital prior to publication (1-2 hours approximately)
